Welcome to JP blossoms

Our Campus was animated in September with events that provided our students more learning opportunities to improve their employability skills and enhance their social awareness.

The theme for this year World Teachers' Day is "The right to education means the right to a qualified teacher." Everyone takes delight in wishing their teachers "Happy Teachers' Day" on September 5, when the nation celebrates the greatness of teachers and reminds them that teaching is a noble profession. The day is an occasion for teachers to be proud of their profession and to think of ways and means to make it nobler.

Our faculty members had been attending seminars and conferences to enrich their teaching and learning strategies. Student Union inauguration and Placement and Career Orientation Programme brought immense joy to the students and it provided them an opportunity for participative learning.

This month witnessed most significant events like lifting the Trophy in the university level Kho-Kho tournament conducted in our campus , Just Clicks 2K19 organized by the JP Media Club and the laurels brought by our students in winning prizes in the Intercollegiate competitions held in other institutions.
