The human race has won many wars with various epidemics and pandemics across centuries. The recent Corona outbreak has triggered panic across the globe. To slowdown the spread of the pandemic, countries around the world have implemented Lockdowns and Quarantines. Social distancing and frequent hand wash is insisted. Lockdowns have brought in major changes in everyone's life. **STAY HOME STAY SAFE** have become watchwords . After the initial inertia Virtual contact is bringing people together in all essential platforms. Educational institutions across the world have shifted to e - learning modality. During the nationwide lockdown our Principal, HODs, Staff members and students are in a Virtual space strengthening their relationship .The enthusiastic participation of staff and students in Online classes & competitions, video lessons, webinars and FDP programmes prove that there is no Lockdown for teaching and learning.
