## ABOUT THE INSTITUTION

JP College of Arts & Science is one of the institutions of DFT foundation under the congregation of DMI and MMI. Daughter of Mary Immaculate and Collaborators (DMI) and Missionaries of Mary Immaculate and Collaborators (MMI) are international Religious congregations approved by the authority of His Holiness the Pope through the respective dioceses of the Catholic Church to work internationally. Rev. FR.Dr. J.E. ARULRAJ, the Founder and Chairman of DFT group of Institutions has a vision to provide a disciplined life with a spiritual base to remain truly alive and human.

The Institution is located in a sprawling area of about 50 acres of land at Agarakattu between Tenkasi and Ayikudy Town Panchayat, in Tenkasi District. The college is affiliated to the Manonmaniam Sundaranar University and offers 13 UG Programmes, 4 PG Programmes .

## DEPARTMENT HIGHLIGHTS

The Department of Computer Science and Computer Applications started in the academic year 2007 and the Department of Information Technology joined the fleet of JP College of Arts and Science in 2008. Since its establishment, these departments have been in the constant pursuits of excellence. Our vision continues to produce the leading computing technocrats serving the essential demands of the country in the computing field who can compete with the industry's best brains. The Department of Computer Science also has a Masters degree program from the academic year 2010.

The departments have well qualified and experienced teaching staff and supporting staff, well-furnished and equipped with computer labs with required softwares and peripherals as per Manonmaniam Sundaranar University syllabus. The departments have bagged more than 21 University Ranks. Placements are remarkable and the institution is marching towards excellence.

# ABOUT THE CONFERENCE

The present scenario of the real world offers numerous models and standards for the researchers in the area of computer science, communication and technology. The International Conference on Emerging Trends in Intelligent Computing (ICoETIC 2023) aims at forging a platform for researchers working on the recent trends in Intelligent computing. This focuses on bolstering the research in the field of computers, its applications and technology by eliminating the conventional limits of various diversified domains. The ultimate aim of the conference is to feature the various ongoing trends in research areas.

## CALL FOR PAPERS

The Organizing Committee of the International Conference on Emerging Trends in Intelligent Computing (ICoETIC 2023) invites papers from research scholars, students and faculty of various reputed institutions and industry professionals.

## Topics of interest, but not limited to:

- ✓ Computational Science
- ✓ Intelligent Systems
- ✓ Computational Complexity
- ✓ Machine Learning
- ✓ Artificial Neural Network
- ✓ Deep Learning
- ✓ Machine Learning
- ✓ Image Processing
- ✓ Data Science
- ✓ Mobile Technologies
- ✓ Neural Networks
- ✓ Pattern Recognition
- ✓ Privacy and Data Protection
- ✓ Virtual and Augmented Reality
- ✓ Business Intelligence
- ✓ Management Science
- ✓ Digital Payment System
- ✓ Cyber Security
- ✓ Block Chain
